I am a third-year Human-Computer Interaction (HCI) Ph.D student supervised by Wendy Mackay and Janin Koch. My research focuses on expressive Human-AI interaction for creativity support, exploring human-centered AI from the perspective of creative practitioners. I design simple yet expressive interaction, using a theory-driven research approach grounded in qualitative studies.

## Education

---

- 2023-    **PhD, Université Paris-Saclay, Inria, CNRS, France**  
Human-Computer Interaction  
Supervised by Wendy Mackay and Janin Koch
- 2021-23    **Msc, KTH Royal Institute of Technology, Sweden and**  
**Msc, Université Paris-Saclay, France**  
Human-Computer Interaction  
GPA 4.8/5 (first year) Mention très bien (second year)
- 2018-21    **BEng, University of Nottingham, United Kingdom**  
Electrical and Electronic Engineering including an Industrial Year  
First-Class Honours, Top 5%
